Niall Horan's Braces Off — The Before & After Pics

Niall was so excited about getting to see his new smile that he shared every step of the way with his fans through his Twitter.

"Morning! This is it! I'm goin to the dentist! I think this is my last hour with braces! Oh how I'm gona miss them! Naaaaaaat!" he tweeted.

As couple of hours later, Niall tweeted "Before and after!" with a photo of his original crooked teeth right alongside his new million dollar smile.

Expert Tips To Perfect Your Smile

The singer's new smile is just too adorable! He's been wearing clear braces since December 2011 which has resulted in his new, straight smile.

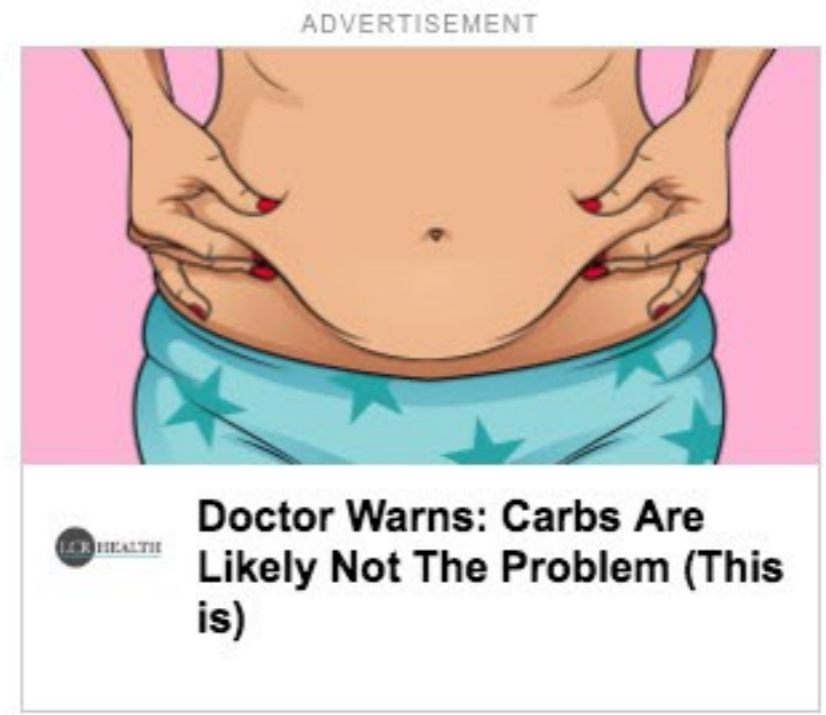

Celebrity cosmetic dentist **Dr. Kevin Sands**, who has worked with stars like **Kim Kardashian** and **Miley Cyrus** tells **HollywoodLife.com** that there are a few options for adults looking for straight teeth.

"Invisalign is a great invisible option for those not wanting metal braces. However, not everyone is a candidate for Invisalign. Major bite corrections are one obstacle," Dr. Sands says.

"There are other less obvious options including White Porcelain Braces. The white shade is less obvious and it does not absorb stains or color so teeth can stay whiter. Veneers — also called Instant Orthodontics can fix crooked teeth in two visits!"

Hey **Hollywoodlifers!** Tell us what do you think of Niall's new smile in the comments below.
