

“She will probably only have to do the treatment for a few months,” Dr. Kevin Sands tells *Life & Style*.

Khloé Perfects Her Smile

Khloé Kardashian is in full-on makeover mode! As *Life & Style* previously reported, the star recently dropped 30 pounds from her 5-foot-10 frame. And now she's set her sights on perfecting another body part: 28-year-old Khloé visited Dr. Kevin Sands, DDS, to get Invisalign molds made to straighten her teeth. “She has great teeth already,” Dr. Sands admits to *Life & Style*. “They are very straight, but she wants them to be even more perfect!”
